Dear Sir:

I have been requested by Robert Ball, a coin dealer of Berlin, that I endeavor to secure your address. The one given by him is 1801 Grove Street and the one to which this letter is addressed is taken from the membership directory of the American Numismatic Association. He states that he had a letter to the address 1801 Grove Street returned with the indication that you had removed to Reno, Nevada. If this reaches your hands, will you kindly communicate with him, giving him your present address and I should appreciate it if you would let me know that you had done this.

Very truly yours,

WM:JC

Secretary
